### Validity

These installation instructions are valid for vehicles with

- mobile-phone fittings, including an interface (code 386) or
- Mercedes-Benz mobile phone (code 388) or
- Mercedes-Benz hands-free system for the multi-function steering wheel

together with a Siemens CX 75, M 75 or ME 75 mobile phone.

### Parts included

- (1) Mobile telephone bracket

### Notes

Please contact a qualified specialist workshop if you encounter difficulties when fitting the mobile telephone bracket.

Mercedes-Benz recommends that you use a Mercedes-Benz Service Centre for this purpose.

The manufacturer reserves the right to change technical details from those shown in the illustrations contained in these installation instructions.

These installation instructions also refer to the vehicle Owner's Manual.

Please keep it handy for reference.

The installation procedure is shown using the Siemens CX 75 mobile telephone as an example. Follow the same procedure to install the Siemens M 75 and ME 75 mobile telephone.

2

### Fitting the mobile telephone bracket

M-P-03F-6523

Press the bracket (1) into the catches on the pre-installed retainer (2), keep the bracket (1) pressed and slide it upwards until it clicks into place.

### Inserting the mobile telephone

M-P-03F-6260

Slide the mobile telephone (3) onto the connector (4) of the bracket (1) until it engages.

### Hands-free mode display

For the hands-free system to function properly, the mobile telephone has to be fitted and switched on, and hands-free mode has to be activated.

A message appears in the mobile telephone's display (please refer to the operating instructions for the mobile phone for further information). If this is not the case, remove the mobile telephone (please see below) and fit it in place again.

3

### Removing the mobile telephone

M-P-03F-6262

Slide the release button (5) upwards and remove the mobile telephone (3) from the bracket (1).

### Detaching the mobile telephone bracket

1. Remove the mobile telephone from the bracket (please refer to the section entitled "Removing the mobile telephone").

M-P-03F-6274

2. Press and hold the release button (6). Slide the bracket (1) downwards and remove it from the pre-installed retainer (2).

4

### Operating instructions

1. Please refer to your Mercedes-Benz vehicle Owner's Manual for operating instructions regarding the mobile telephone bracket in connection with the factory-installed hands-free system (code 386/388).

2. The following operating instructions (points a, b, and c) only refer to the retrofitted accessory solution of the Mercedes-Benz hands-free system for the multi-function steering wheel.

The buttons "+" and "-" mentioned in the description below refer to the multi-function steering wheel.

- Operation of the hands-free system via the multi-function steering wheel and how to set the run-on time are explained in the vehicle Owner's Manual.
- The "+" button must be pressed for the whole name to be displayed. The "-" button must be pressed for the whole telephone number to be displayed.
- During a telephone call, the volume can be increased with the "+" button and decreased with the "-" button.
